RE: El Bethel Apostolic Ministry
Site Plan and Preliminary Floor Plan for New Church
Allen Road
Slidell, LA

Dear Rev. Wellington,

Dammon Engineering is pleased to propose our services to furnish a site plan and a preliminary two story floor plan (of approximately 9,000 s.f. - 6,000 s.f. 1st floor & 3,000 s.f. 2nd floor) for the new edifice to be located on Allen Road, in Slidell, Louisiana.

We propose to furnish these services for the sum of \$3,500.00 (Three Thousand Five Hundred Dollars)

Please note that this fee *does not* include cost of soils analysis, drainage studies (beyond site drainage plan), wetlands determination, or other engineering studies or government required studies. If selected, we ask for a deposit of \$500.00 to begin work. The balance will then be due following design completion.

Once the site plan and preliminary floor plan are complete and the total square footage for the facility is determined, we will be happy to provide you with a proposal for design services for the new church.

Dammon Engineering carries \$1,000,000. Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance.

We appreciate the opportunity to propose our services for this project. Please indicate your acceptance of the above, by signing below.

Sincerely,

Emmett G. (Pete) Dammon, P.E.
