Hello Helen:

I am designing a new Church facility for Mr. Eugene Wellington. The project will be located on Allen Road in Slidell. I have put together a preliminary Site Plan and would like to have you look at it to ensure I have the proper setbacks and a generally acceptable layout. Please see the attached Site Plan and Survey.

Please contact me by e-mail or phone once you have had a chance to look it over. You may find e-mailing me to be more convenient as I am out of the office pretty frequently during the week.

Thank You.
