RE: Design Services
Youth Center
1321 Gause Blvd, Ste 3

Dear Mr. Schneider,

Dammon Engineering, Inc. is pleased to propose our engineering services for the above referenced project. The design shall include adequate toilets and walls to meet plumbing code, new lighting and power for two affected areas, new exterior walls in front area, new exit doors, exit signs and emergency lights to meet Fire Marshal requirements and a new entrance to replace the existing canopy for the approximately 8,130 s.f. space.

We propose a total fee of \$1.00/s.f. or \$8,130.00 (Eight Thousand One Hundred Thirty Dollars) for this work, including five sets of plans provided to you following the Fire Marshal's review and response. This fee includes the Fire Marshal review fee, but does not include cost of traffic study, soils analysis (if required), survey, topo, or any other government agency or engineering fees. If selected, we ask for a deposit of \$1,130.00 to start work. We then propose to bill \$3,500.00 at 50% completion with the balance due following the Fire Marshal's review and response.

In consideration of your contribution to the community, we have reduced our fee from our usual \$1.50/s.f. As such, we would appreciate receiving a receipt for a donation in the amount of \$4,000.00.

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance. Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Emmett G. (Pete) Dammon, P.E.
