Dear Daphne Frilot

It was a pleasure to discuss with you your new facility. Dammon Engineering, Inc. is pleased to propose our services to design a 4,200 sq. ft. interior build out to pass State and local codes for occupancy.

We will provide a design package, including Site Plan, Floor Plan, Mechanical plan, Electrical plan, and Plumbing Plan.

We propose a total fee of \$12,600.00 (Twelve Thousand Six Hundred Dollars) = \$3.00 per sq. ft., including five sets of plans provided to you following design completion, along with pdf's of all drawings.

This fee does not include cost of Fire Alarm, Sprinkler Systems or other government agency fees. This fee also does not include the cost of a traffic study, or other engineering studies, which may be required.

We require a deposit of \$3,000.00 and will bill at 50% schematic review, and 100% design for the balance after Fire Marshall Approval.

Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon, Vice President
