Baton Rouge, LA 70806

RE: Sewer System Renovation
Bridge City Center for Youth
Project No.: 08-403-11-01, Part 01

Dear Mr. Delaune,

With regards to reference project, this project is to renovate the main 8" sewer trunk lines with Cured in Place Plastic Pipe (CIPP), renovate all existing manholes with an epoxy resin coating and replace all service connections (pipe) from the existing buildings (approx 5' from the slab) to the main 8" sewer trunk with new PVC pipe. All of the work under this project will be performed outside all building structures.

If you have any questions, please feel free to call.

Sincerely,

Kevin Kinchen
Chief Architect
