## Standard Features

NEO is designed to provide ice right where you need it -- within reach. Improvements in performance, intelligence, and convenience make your ice machine easy to own and less expensive to operate.

**Easy Access** – angled door provides a larger opening making ice more visible and easier to access

**Intelligence** – provides feedback with full bin and service indicators. Delay function allows you to pause your machine for slow periods or days when you're closed.

**Easy to Clean** - smooth, sealed food-zone with removable water trough, distribution tube, and damper door for faster cleaning. AlphaSan added to key internal components.

**Convenience** – forward-sliding storage bin allows for easier, quicker access to refrigeration components without having to move the entire ice machine.

Available **LuminIce™ Growth Inhibitor** mitigates the growth of bacteria and yeast within the foodzone.
