K Bar B Youth Ranch

Korean War Veteran, U.S. Army, Three Battle Stars

Mr. Dammon started Dammon Engineering in 1979, after a successful career with the facilities design departments of the Boeing Company and Martin Marietta, where he started as design engineer and later held a management position in civil, structural, electrical and mechanical engineering, design and construction, as well as overseeing all outside contracts for engineering services on NASA projects for facilities to construct the Saturn Moon Rocket and the space shuttle.

Since opening the firm of Dammon Engineering, Mr. Dammon has been engaged in projects that range from design of schools to city streets, to Superdome renovations, Department of Defense projects for facilities, design of delicate bearing and shafts for mobile art sculptures located in several U.S. cities and foreign countries, local commercial, religious, school, and government projects and health facilities. He has experience in all phases of engineering and architecture for facilities, and has been accepted in the courts as an “expert witness” in civil-structural and electrical systems.

The Louisiana Engineering Society, at the state level, awarded Mr. Dammon with the following honors:

1993

Ethics in Business Award

“As a testimonial of high esteem and admiration of the members of the Louisiana Engineering Society for ‘Ethics in Business,’ and in appreciation of faithful and unselfish service to the engineering profession, this plaque is presented to Emmett G. Dammon. Your achievements and devoted services are hereby recognized by the members and officers of the Louisiana Engineering Society.”

2001

Charles M. Kerr “Public Relations” award for distinguished service in the promotion of public relations for the engineering profession

2002

Andrew M. Lockett “Civic Leadership Award” for his work in the community

Mr. Dammon is presently involved in Rotary International programs, Easter Seals, Safe Harbor, K Bar B, and other Rotary projects.
