RE: LSU Stadium Camera Mount

Dear Mr. Samrow

It was a pleasure to discuss with you the LSU stadium camera mount located at the above referenced site.

Dammon Engineering will design the structural components needed to meet the 150 mph wind load.

We propose a total fee of \$1,400.00 (One Thousand Four Hundred Dollars). This proposal does not include any onsite construction management. If it is requested it will be billed at an hourly rate.

We will bill at 100% after design completion.

Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon, Vice President
