Re: Living The Word International
Water Distribution & Wastewater Transmission
8" C-900 PVC Water Distribution Line w/Appurtenances
50 GPM Duplex Lift Station (Adjacent to Multi-Purpose Building) w/ 3" PVC Force Main to City MH
City of Slidell Water & Wastewater
St. Tammany Parish
Permit # P12-09-103-037
PWS_ID#1103041

Dear Mr. Dammon:

Plans and specifications of the above named project have been reviewed and found to be in substantial conformity with applicable provisions of the Sanitary Code. The design is, therefore, approved.

This approval refers to sanitary features of the design only, and is not to be taken as an approval of structural details, except insofar as they may affect sanitation.

This approval is issued with the stipulation that the Water Distribution & Wastewater Transmission facilities, will be owned, operated, and maintained by the City of Slidell, P O 828, Slidell, LA 70459.

The plans and specifications are being sent to the St Tammany Parish Health Unit. This approval is automatically canceled if construction of the project has not been started within two (2) years after the date of this letter.

After construction is completed, the responsible party for the design of the project shall submit a Confirmation Letter to this Office (see letterhead above and below) certifying that the project was constructed in accordance with the plans and specifications approved (or to which no-objection was offered) by this Office. As of February 1, 2007 this confirmation Letter shall be required prior to occupancy.

If construction commences before a permit is granted, a Notice of Violation will be issued for the project. A letter of "no objection" will be issued on any pre-constructed project unless the project fully complies with the requirements of the Sanitary Code.

In the event that it is determined at some point in the future that a design error escaped our detection during our review of these plans and specifications, that oversight shall not relieve you, the applicant, of the responsibility for complete compliance with applicable requirements of the Louisiana Administrative Code [particularly, LAC 51 (Public Health Sanitary Code) and LAC 48 (Public Health - General)], specifically including correcting the violations inadvertently overlooked.

Sincerely,

A handwritten signature in blue ink that reads "Brian A. Mistich".

Brian A. Mistich, P. E.
Region IX Engineer

xc: Mr. Steven Davis, District II Engineer Manager
Mr. Merl Fagan, Region IX Sanitarian Regional Director
Ms. Judith Culpepper, St. Tammany Parish Sanitarian Director
