Testimonials
 I could not find the right pedestal for the purchase. Thank you so much and I will be back for my RV needs."

J.S.
 Mount Pleasant, MI
 "Purchased Part # 503020AMPADPOWER"

We have a great selection of RV power outlets to meet your campground or park needs. Our power outlets include, surface mounts, surface mount metered, RV power panels, RV pedestals (also known as RV electrical pedestals), mobile home and RV Metered pedestals and lighted units (factory installed .5 watt LED site light). RV Power Outlets are manufactured in the USA providing the highest quality, durable and user-friendly power outlet line. If you do not see what you are looking for, please **email us** and we will get you a quote. Choose receptacles (50 amp 125/250 V, 30 amp 125 V, 20 amp, 125V), choose style (surface mount, pad mount, pedestal, back-to-back pedestal or mobile service with 20 amp, 125V), choose (unmetered, metered ringless or metered ring), and if you want unit with small rectangular site identification light.

- Product picture shows RV pedestal with surface mount bracket attached to dark surface.
- Suitable for campground, RV and temporary service
- ETL Listed for the US and Canada - Both UL and ETL are Nationally Recognized Testing Laboratories (NRTL) by OSHA. The difference is that UL writes the standard and tests against that standard and ETL does not write their own standard but tests against the UL standard.
- NEMA type 3R rainproof enclosure for outdoor use
- One piece enclosures constructed from 16-ga. G90 galvanized steel
- All surfaces have electrostatic gray powder coated finish
- 120/240 volt single phase, 125 Amp
- Commercial quality receptacles, Pass & Seymour brand
- 50 Amp (14-50R), 30 Amp (TT30R) and 20 Amp GFCI Weather Resistant Receptacle (5-20R2GFI)
- Loop feed lugs on all pedestals up to 350 MCM wire. Our CA380 lug in our loop feed lug assembly is 600 volts, 250 amps for aluminum. 310 amps for copper.
- Mechanical aluminum lugs designed for conductors. The lugs are electro-tin plated to ensure reliable connection for either copper or aluminum conductors. Wire range AL9CU: 2/0-14
- Tin plated copper stabs standard
- All units factory wired
- Square D HomeLine breakers
