Subject: Colors for the Towers Bldg

Tucker,
I left a tile and color samples over there for you, please get with Kim and have her pick out the color of the walls for the Towers Bldg.

This is for the 1st floor; we will have two different textures on the wall, medium and fine. There will be a chair rail between the two different textures made out of the same tile sample that is for the floor.

I hope I have explained this well enough if not get with David on Monday and he can explain better.

Thank You and have a wonderful day!

Debra Aaron
