**RE: New Pitch Roof**

Dear Kamlesh,

Per your request, here is a list of items discussed at the June 15, 2023 meeting regarding your property at the above-mentioned address:

**From Planning:**

- If the roof is reconstructed, it will have to be tall enough or designed to allow the rooftop equipment to be screened.
- Planning is more in favor of your option for putting a straight parapet, because your rooftop equipment will still be screened with such an arrangement.
- If windows are to be added, plans and details will be required.

**From Building Safety:**

- Fire Marshal review and approval may be required as this is a commercial structure.
- Please submit Roofing permit application for review and approval.

We look forward to working with you on this project, and hope that you will contact us with any questions or concerns.

Sincerely,

Daniel W. McElmurray, Director  
Planning Department
