RE: Shell-Chevron Fourchon
Overhead Crane Rails

Dear Mr. Blackwell

It was a pleasure to discuss with you the three travel crane installations located at the above referenced site.

Dammon Engineering will design the structural steel needed for the two 5 ton cranes and one 15 ton crane.

We propose a total fee of \$10,500.00 (Ten Thousand Five Hundred Dollars). This fee does not include cost of soils analysis or x-ray analysis. This proposal does not include any onsite construction management. If it is requested it will be billed at the attached rate sheet.

We will bill at 100% after design completion.

Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon, Vice President
