**RE: P20151206, Request for Determination  
CITY OF SLIDELL**

**Description:** Proposed sidewalk improvements; extending sidewalks, along an existing public roadway.

**Location:** Lat 30-16-06N / Long -89-46-36W, Lincoln Park-Rosevelt Subdivision.

**St. Tammany Parish, LA**

Dear John Dardis:

We have received a Request for Determination for the above referenced project, which has been found to be inside the Louisiana Coastal Zone. After careful consideration, it has been determined that the proposed activity will have no direct and significant impact on coastal waters. Therefore, in accordance with the Louisiana Administrative Code, Title 43, Chapter 7, Part 1, §723.B.8.b, a Coastal Use Permit will not be required.

This determination is valid for two (2) years from the date of this letter. If the proposed activity is not initiated within this 2-year period, this determination will expire and the applicant will be required to submit a new application. The applicant will notify the Office of Coastal Management of the date on which initiation of the proposed activity began by entering a commencement date through the online system, or by mailing said information to OCM. This determination does not eliminate the need to obtain a permit from the United States Army, Corps of Engineers (USACE) or any other Federal, state, or local approval, that may be required by law.

This determination has been made on the basis of information provided by your application. If it is later established that you furnished erroneous data, you may be directed to alter or modify your plans, to remove structures you have installed, and/or to restore the work area to pre-project conditions at your own expense. If it is established that you knowingly furnished erroneous data, you could also be subject to legal action. Note that your application shows that either no dredging or limited dredging would be necessary to access the work site. Dredging beyond that described in your application, including prop washing, wheel washing, or otherwise displacing water bottom material is not authorized by this determination. If site conditions are such that dredging beyond

Determination that No Coastal Use Permit is Required and Basis of Decision

Permit Application Number: P20151206 EATF? (check if yes) \_\_\_\_\_

Master Plan Compliance (check the one that applies):

N/A \_\_\_\_\_ In compliance  May be in compliance\* \_\_\_\_\_ Not in Compliance\* \_\_\_\_\_

\*Explain:

Permit Processing Fees: \$ 0.00 Mitigation Processing Fees: \$ \_\_\_\_\_

A review of the permit application referenced above has shown that no Coastal Use Permit is required for the following reason(s):

- 1. Activity is located outside of the coastal Zone. La. R.S. 49:214.25.E
- 2. Activity is exempt from Coastal Use Permitting
  - Activity is subject only to an In-Lieu Permit to drill an oil and gas well
  - Activity is located at an elevation of 5' MSL or higher
  - Activity is located in a fastland
  - Activity is an emergency (threat to life, property, and/or the environment)
  - Activity is for normal maintenance and repair of an existing facility
  - Activity is for the construction of a residence or a camp
  - Activity is for construction of navigational aids
  - Activity is for Agricultural, Forestry, and Aquacultural Activities
  - Activity was lawfully commenced prior to implementation of CUP process
- 3. SOV – OCZ
- 4. SOV – Application Required
- 5. RFD – OCZ
- 6. RFD – Exempt (see #2 above for reason)
- 7. Activity is determined to be of No Direct and Significant Impact (NDSI) to coastal waters based upon its compliance with part (list number and letter) \_\_\_\_\_ of the October 4, 2012, NDSI criteria memo from Karl Morgan (OCM/PMD Administrator).
- 8. Activity is in compliance with the Office of Coastal Management General Permit, GP \_\_\_\_\_.

#### NDSI NOTES

1. As-built drawings and/or plats shall have written on them the date of completion of said activities and shall be submitted to the Louisiana Department of Natural Resources, Office of Coastal Management, P. O. Box 44487, Baton Rouge, LA 70804-4487 within 30 days following project completion.
2. All structures built under the authorization and conditions of this permit shall be removed from the site within 120 days of abandonment of the facilities for the herein permitted use, or when these structures fall into a state of disrepair such that they can no longer function as intended. This condition does not preclude the necessity for revising the current permit or obtaining a separate Coastal Use Permit, should one be required, for such removal activities.
3. Structures must also be marked/lighted in accordance with U. S. Coast Guard regulations.
4. In order to ensure the safety of all parties, the permittee shall contact the Louisiana One Call System (1-800-272-3020) a minimum of 48 hours prior to the commencement of any excavation (digging, dredging, jetting, etc.) or demolition activity.
