RE: Survey Proposal - Navy Gun Ranges, Stennis Space Center – Option #3

Dear Mr. Dammon:

BFM Corporation, Inc., will adhere to the following surveying requirements:

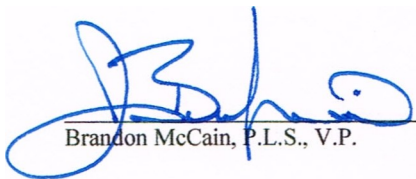

1. BFM will provide a topographic survey per the minimum standards as required by the State Board for Mississippi Professional Land Surveyors.
 - A. Topographic information will include a 25 foot grid with 1' contours across each of the proposed and of the existing facilities areas along with any and all improvements of the existing areas and any ditches that may drain each area as shown on the attached site map.
 - B. Proposed gun range sites are defined as Ranges 1, 3, 4 & 6 and existing facilities are defined by “office, storage, tower, col & ?” and existing gun ranges are defined as Range 2, 5, 7, as shown on the attached project site map and cover a total of +/- 45 acres of total work area.

Project Site Map

Completion time from notice to proceed shall be **thirty (30) business days**.

Survey cost to be: **\$38,500.00**

Brandon McCain, P.L.S., V.P.
