## Details

Cocktails stay cool and crisp longer with chilled glasses, and there's no better way to ensure properly chilled glasses than with the Turbo Air TBC-50SB-GF glass froster, which features a black vinyl exterior! The 15 cu. ft. of space can hold (140) 8" tall mugs or (386) 10 oz. steins. Glasses are efficiently chilled with R-404A refrigerant and a forced-air cooling system. The interior is made of a stainless steel floor with white painted galvanized steel inside walls. The entire cabinet structure is foamed-in-place using high density, CFC-free polyurethane insulation. The heavy gauge stainless steel countertop and glide lids are perfect for sanitation and durability, making this a terrific option in any bar or restaurant!

- 15 cu. ft. of interior space holds (140) 8" tall mugs or (386) 10 oz. steins
- Forced-air cooling system uses R-404A refrigerant
- Interior features stainless steel floor and white painted galvanized steel walls
