Good afternoon Justin,

Could you please send me a PDF and a CAD file on the gates to the Village? I'm looking for the drive way gates in particular. I need to see how they are going to look as Chris would like to put cameras there and I need to see how and where they can be mounted. Any questions don't hesitate to call. Cell 504-905-8075

Thanks, Wayne

Wayne,

2 pdf's attached for The Village... one is the submittal for the man gates (2 locations) so that you can see what you're attaching to. They show a mag lock that I doubt they need to provide. I'm asking Scott to help coordinate that. The other pdf is sheet E004 from our documents, it shows site electrical and access control. Let me know if you need anything else. Thanks.
