

Etlund Four Star Series NSF Certified Scales

Etlund's full line of Four Star Series portion control scales is now NSF Certified. In addition to the new FMD-2 model with a fixed dial, all Four Star scales feature a 30 degree viewing angle for readability and accuracy, a removable face plate for easier cleaning, a new platform design, and stainless steel springs and mechanisms for long life and consistent measurements.

- All stainless steel construction
- 30 degree viewing angle allows for more accurate readings
- Redesigned larger stainless steel platform
- Lexan face cover is removable for easier cleaning
- Scale housing and mechanism can be submerged for thorough cleaning
- NSF Certified

Edlund's Four Star Series brings a new and different slant to your portion control needs.

FEATURES:

- 30 degree viewing angle for easier reading at table height.
- Stainless steel springs and inner mechanism for rustproof operation, longer life and greater accuracy.
- Removable molded scale window (shown above) completely encloses scale plate to prevent spilled food product from running down into scale dial window.
- FMD-2 has a fixed dial.
- Adjustable air dashpot on deluxe models (gold dial) acts as a shock absorber to prevent scale pointer from vibrating when product is on scale.
- RMD-2, FMD-2 and RM-2 can be field-calibrated with our CK-32 calibration kit (shown above). RMD-1000 and RM-1000 can be field-calibrated with our CK-1000 calibration kit.
- With dial face removed, scale is rustproof and completely washable.
- Made in U.S.A.
