HADCO PROFILER PASS AREA-LYTE SPECIFICATION SHEET

The Hadco Profiler PASS Area-Lyte luminaire is a straight arm architectural area fixture. Designed for performance, it is recommended for use in applications where glare-free, cold-white light is required. The fixture is designed to be mounted on a pole and/or wall mount applications where glare-free cold-white lighting is the requirement. Combined with the Profiler Wa-Lyte and Profiler Flood-Lyte, the low profile, aesthetic design of the Profiler PASS Area-Lyte luminaire makes it an ideal choice for discriminating customers.
