RE: Courer De Ville
2021 Bonfouca Lane unit #A
Slidell, La. 70458

Dear Mr. Furlan

It was a pleasure to meet with you and discuss your project. As discussed, Dammon Engineering, Inc. will provide our Engineering services for your project, which consists of an approximately 1150 s.f. of an apartment to get Fire Marshall Approval to replace the entire interior with new 5/8" sheet rock.

We propose to provide the design package for a fee of \$1,200.00 (One Thousand Two Hundred Dollars). This fee includes three sets of plans provided to you following design completion. Our fee is for the design/fire Marshall drawing of the apartment only and does not include the cost of the Fire Marshall. You and/or your general contractor will be responsible for pulling the permit as well as paying any associated fees for this project.

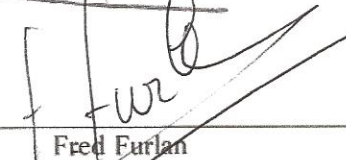

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance. Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon
