Dear Pastor Bilac,

Per your request for changes to the referenced plans, we propose the following:

We propose an additional fee of \$3,900.00 (Three Thousand Nine Hundred Dollars) to accomplish the changes as outlined in our conversation regarding revisions for the floor plan and exterior elevations.

This fee is in addition to the original contract amount of our contract dated June 26, 2007 and will also result in approximately three additional weeks to complete. Please note that our original contract of June 26, 2007 is still in effect.

Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,
