RE: Administration Building Renovation Cost

Dear Mr. Butler:

We have reviewed the various changes, additions, and renovations necessary to meet the requirements that you have indicated to be necessary to permit you and your staff to function efficiently as you begin to revitalize the Housing Authority of Slidell.

Our professional estimate, based on the design drawings for the Administration building as designed by Dammon Engineering, is \$180,000.00.

Please do not hesitate to contact me regarding our estimate, or for any other needs you may have where we may be of assistance.

Respectfully,  
Emmett Dammon,  
Dammon Engineering  
President

Re: Engineering technician service

Dear Mr. Butler:

In consonance with your request, Dammon Engineering proposes to furnish you with the services of one engineering technician to be onsite while the contractor is working on the referenced project at the rate of \$65.00 per hour.

Please be aware that our present contract provides for a monthly progress meeting with the contractor, and the paperwork involved in approving materials.

The rate I quoted you is for work beyond this scope, to actually be present most of the time work is being performed.

Also, as written in the bid requirements the contractor will be responsible for security of the work area until the project is complete.

Respectfully,

Emmett G. (Pete) Dammon,  
President/  
Dammon Engineering, Inc.
