- 1. SCOPE:**  
This work includes all clearing, grubbing and disposal of spoiled material, as required for the construction of streets, utility easements where indicated on the drawings, sewage treatment plant site and new drainage ditches indicated on the drawings.
- 2. CLEARING & GRUBBING:**  
It is the intent in this work to remove the minimum trees required, leaving wooded lots in all wooded areas. The areas within limits of paragraph 1 above shall be cleared of fences, trees, logs, stumps, brush, vegetation, rubbish and other perishable or objectionable matter. Stump holes and other holes from which obstructions are removed shall be backfilled with suitable material and compacted.
