RE: Parking Plan Layout

Dear Mr. Collar,

Dammon Engineering is pleased to propose our engineering services for your new parking plan layout for your facility on East Howze Beach Road in Slidell, Louisiana.

We propose a total Engineering fee of \$1,200.00 (One Thousand Two Hundred Dollars).

The above fee *does not* include the cost of soils analysis, drainage studies, wetlands determination, or other engineering studies that may be required by government agencies.

If selected, we require a deposit of \$200.00 upon contract acceptance. We then propose to invoice the balance following 100% design completion, prior to release of five sets of plans (cost of plans is included in our fee).

Dammon Engineering carries \$1,000,000. Professional/General Liability Insurance and Workmen's Compensation Insurance.

We appreciate the opportunity to propose our services for this project. Please indicate your acceptance of the above, by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon, VP
Dammon Engineering, Inc.
