Subject: Carport information

Good afternoon, it's Joe McNeill. Two by two angle iron Trusses will be bolted together with half inch thick, two inch grade eight bolts with grade eight nuts, washers, locking washers. Trusses will be secure to 6x6 posts with half inch by eight inch length galvanized carriage bolts, nuts and washers. The 6x6s will be fourteen feet out of ground and four or five feet cemented in the ground. The roof pitch is 4/12. Any other information you need please let me know. Thank you. 985-201-2734
