#### DESCRIPTION

##### Delivering Style and Innovation to the Homes of Today... and Tomorrow!

Enhance every home you build with stylish, innovative appliances that home buyers demand. Home buyers expect appliances that meet the needs of their everyday lives, are easy to use and reflect the style of their individual tastes. But, to provide appliances you will truly appreciate and will use for years to come, requires a higher level of commitment. Their commitment to quality, craftsmanship and style challenges them to design products that lead the industry in innovation and design.

This Family Capacity microwave can accommodate up to 4 full-sized dinner plates. Sensor Cooking uses built-in sensors to ensure delicious results by monitoring food as it cooks. With 1000 watts of power, you've got the versatility to prepare a variety of food.

#### FEATURES

- 2.0 Cu. Ft. Capacity
- CleanRelease interior
  - Clean up quickly and easily with this non-stick interior - an industry first. No special cleaning solutions are required for this silver metallic surface. Just a quick wipe with a damp sponge is all it takes to remove spills and splatters.
- Hidden vent
- 6th Sense sensor cooking
  - Take the guesswork out of microwave meals. You can cook with confidence, knowing that a built-in sensor monitors the humidity level of food for you, adjusting time and temperature as needed during the cooking process.
- AccuSimmer cycle
  - Simmer sauces or soups with a built-in sensor system that quickly boils liquids, then automatically reduces the heat to a delicate simmer to help prevent splatters.
- 1,000 Watts Cooking Power
- Staged cooking
- Steam function
- EZ-View lighting
  - Provides illumination above the range with three brightness settings, including a night-light option. Replacement bulbs change out easily.
- 3-Speed fan/230 CFM
  - 3 variable fan-speed settings let you match the right amount of ventilation to

- the dish being prepared.
- Convertible ventilation
- Night-light setting
- Recessed, stoppable glass turntable
  - The recessed turntable handles larger items like cooking bowls so you can prepare caramel corn, party mix or soups in the microwave. The turntable can be safely stopped with the touch of a button.
- Reheat/Defrost cycles
- Soften & Melt cycles
- Filter Change Indicator
- 10 Power Levels
