To whom it may concern;

It was requested that we inspect the existing stairs and walls located at the referenced location and that we provide you with the following.

It is my professional opinion that the right side of the stairs and walls are structurally sufficient for the use of an AmeriGlide AC Cargo Lift that will be installed by the company. This AmeriGlide Cargo lift is rated for a maximum of 250 lbs capacity as per quote #11784.

Sincerely,

Brian A Mistich, P.E.
