Mr. Emmett Dammou  
Dammou Engineering  
1095 Florida Avenue  
Slidell, LA. 70458

RE: Towers Building

Dear Mr. Dammou:

Pursuant to our meeting today, it has been decided that the glass installed in the building was previously approved and that approval stands. Since this is an existing building and a permit was issued only to repair with no changes in occupancy, it will not require a certificate of occupancy. However, upon completion of all required inspections a certificate of completion will be issued. Please contact our office if you have further concerns or questions.

Sincerely,

Eric Giroir  
Building Official  
CITY OF SLIDELL
