Mississippi Department of Environmental Quality
Jackson, MS 39225

Attn: Mike Freiman

Ref: Combatant Craft Operations Facility
Stennis Space Center
Hancock County, MS

Mr. Freiman, Wendy Ferrill of the Mississippi State Department of Health is asking for an approval letter for the sewage tie-in for the above referenced project. We are making a service connection for the new facility, which will have twelve toilets and eleven showers. A grinder pump with a new force main will be used in connecting this new service to the existing lift station.

We have former approval from the Mississippi Department of Environmental Quality the permit number is MSR105335. We are asking that you find us in favor and approve this request.

Thank you,
Chuck Dammon
