Memo

To: Pete Dammon
From: Scott DeLano
Date: January 5, 2006
Re: LaQuinta Inn – Cedar Lake Road

Pete, for us to make a submittal to Biloxi's DRC we will need the following exhibits:

1. On one sheet, show the current subdivision/survey and below that show the proposed re-subdivision in a recordable form (no proposed improvements). In the margins/title blocks, show a location map, north arrow, Subdivision Name (Cedar Lake Central Commercial Subdivision)
2. On one sheet show an overall siteplan including all improvements, easements, proposed pond modifications, site lighting, sidewalks, building setbacks (proposed 5 foot side, 50 foot front), signage, landscaping, parking dimensions, fire hydrants, FDC, Use table to show proposed vs codes on all required variances.

Please call me with any questions!

Thanks,

Scott DeLano
