Kamlesh Patel
1662 Gause Blvd,
Slidell, La. 70458
Commercial Building

Dear Mr. Patel

It was a pleasure to discuss with you the renovations at the above location. Dammon Engineering, Inc. is pleased to propose our services to re-design the front area of the Commercial Building to pass State Fire Marshal and local codes for occupancy.

We will provide a design package, including Architectural Floor plan of the Commercial Building areas into meeting rooms and such that will include the Mechanical Plans, Plumbing plans and Electrical plans.

We propose a total fee of \$14,000.00 (Four Teen Thousand Dollars) including five sets of plans provided to you following design completion, along with pdf's of all drawings.

This fee does not include cost of, Fire Alarm, Sprinkler Systems or other government agency fees. This fee also does not include the cost of the landscaping plan, survey/topo, drainage plan of the site, traffic study, or other engineering studies, which may be required. This fee also does not include any Construction Management.

We require a deposit of \$4,000.00 and will bill at 50% schematic review, and 100% design for the balance after fire marshal approval.

Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon
