RE: Building Estimates

It was a pleasure to meet with you again to discuss a renovation or new office building.

New construction of a two story bldg. Estimated @ \$170 to \$180 per Sq. Ft.

Renovate and add onto existing building estimated@ \$150 to \$160 per Sq. Ft.

We feel by adding onto the existing building you would not create the type of office layout and environment that suites the needs of your growing business and would benefit from a new two story building with ample parking for all.

If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon
