PERMIT NO: 06COM-02016  
ADDRESS: 404 No. Carrollton Ave.  
NATURE OF WORK: Change of Use

Dear Sir:

The above referenced plans and specifications are hereby released for issuance of permit.

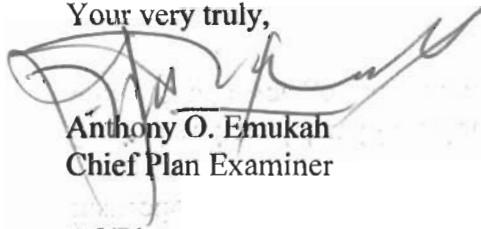

All detailed construction, electrical wiring and mechanical installations are to comply with the Standard Building Code 1997, as amended by the City of New Orleans, and other applicable laws, all subject to final inspection.

Please be advised that this review does not include plumbing work. Any question about plumbing shall be directed to Sewerage and Water Board, 625 St. Joseph Street, New Orleans, Louisiana, 70165 Phone # (504) 585-2160.

You are advised and cautioned that all floor elevations shall be as per the grade certificate submitted to this Department regardless of elevation shown on the plans.

You are **REQUIRED** to pick-up your plans and Building Permit at Room 7E06, City Hall, **between 1:30pm and 4:30pm, Monday through Friday**, within 10 working days from the date of this letter. The stamped approved set of plans and specifications shall be kept on the job and the Permit Placard posted prominently on the premises prior to and during construction. Failure to comply with the above, may result in a "STOP WORK" order.

Your very truly,

**Anthony O. Emukah**
