Slidell, LA 70458

Dear Mr. Liuzza,

Dammon Engineering, Inc. is pleased to propose our electrical engineering services and become the professional of record for your new, approximately 4,000 s.f. restaurant to be located at the above referenced address, through Fire Marshal approval.

We propose a total fee of \$2,000.00 (Two Thousand Dollars) for this work, we will provide five sets of plans, following the Fire Marshal's review and response. We will also submit drawings to local municipalities as well as to the Health Dept. Our fee includes the Fire Marshal review fee, but *does not* include the cost of permit fees, traffic study, soils analysis (if required), survey, topo, or any other government agency or engineering fees.

If selected, we require a deposit of \$500.00 due upon acceptance of this contract. The balance will then be billed upon completion of the project, following the Fire Marshal's review and response.

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance. Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Emmett G. (Pete) Dammon, P.E.
