Description of the project:

This was originally designed as a CMU building with a stucco exterior. It is now a wood framed building on post with a hardi board siding to match the building we are tying into. This new design is in the exact same place and we are not bringing in any fill for this construction. All materials are listed on A101 and A102 of this package.

## REQUIRED Attachments

- Exhibits.** Sketches, drawings, photographs, specifications, descriptions, material samples, etc. of the proposed project, which must be sufficiently detailed for staff and the OTPDC to evaluate the proposal.
