### Application for Site Plan Review Jefferson Parish, Louisiana

Please provide the following information. All applicants must complete pages 1 and 2. Only applicants requesting a variance also must complete pages 3 and 4.

A complete application for site plan review consists of the following items:

- This form filled in with the information requested.
- 20 copies of your site plan, landscaping plan, sign elevations, building elevations, and floor plans. The planner will tell you which of these drawings you must submit. If what you submit is drawn on more than one sheet, the sheets must be bound into sets. Generally, the size of sheets must be 24 by 36 inches. If your project needs a variance, you also must submit one set of drawings that measure 11 by 17 inches.
- 20 copies of a current certified survey of your property.
- An ordinance, if your project needs a variance.
- The application fee, in a check made out to "Jefferson Parish Pooled Cash."

Return the complete application to:

#### For Your Information

This application form is part of a packet that also contains the CPZ or MUCD regulations, a signature block, a landscape maintenance notation, site plan requirements, and an ordinance format, if necessary. Before you apply for site plan review, please review the regulations and schedule a pre-application conference with a planner. After you apply, your project will be reviewed by the Parish's Land Use Review Technical Committee. As a result of this review, you may need to make revisions to your drawings. When you make the final revisions, print the landscape maintenance notation on your landscaping plan and the appropriate signature block on each sheet of drawings. When the planner gives the O.K., have copies made on a reproducible material such as mylar or vellum. Return these copies to the Planning Department for signing. You can not receive your building permit until the Planning Department gives final clearance. Contact the Department of Inspection & Code Enforcement to obtain information about requirements for a building permit.

For Planning Department Use. Do not write below this line.

### Sign Affidavit

To the Jefferson Parish Planning Department:

We hereby grant permission to the Parish of Jefferson to erect a sign on our property stating that a zoning application has been filed and our property is under consideration for a variance. We understand that the sign will be placed on our property ten (10) days before the Public Hearing and will remain until after the Parish Council has acted on our petition or at the end of 105 days, whichever comes first. The Parish will be held harmless from any damages in connection with this sign.

# Site Plan Requirements

## A Checklist for Plan and Elevation Drawings

The Zoning Ordinance requires plan and elevation drawings of your project. Review this checklist to make sure your drawings contain the required information. Depending on the nature and extent of your development, you may need to include additional information on your drawings.

- Name and address of the development, name of person or company that made the drawing, scale of the drawing, date and revision dates of the drawing, north arrow
- Table that contains calculations including total area of the site in square feet, total area in square feet of vehicular use area and green or landscaped area, and the number of required and proposed parking spaces
- Location, dimensions, area, and elevations of structures including the setbacks of structures from property lines
- Location and dimensions of driveways, parking lots and spaces, service bays, loading areas, sidewalks, and barrier curbs/wheel stops; and indications of traffic circulation patterns, type of paving material, and handicapped parking spaces
- Location, height, and material of fences and lighting fixtures, and note that lighting shall be shaded or hooded and oriented inward
- Location of the trash disposal system or dumpster and details of screening including the height and material of fences
- Location and dimensions of fire lanes and the location of all fire hydrants within 300 feet of the site
- Location of utility servitudes and underground water, sewerage, drainage, and power lines
- Location, dimensions, area, type of materials, and elevations of all signs and support structures
- If applicable, floor plans of all structures
- Landscaping plan that includes the location of trees, shrubs, and groundcover, including the location and type of existing trees to be preserved; dimensions and area of landscaped beds and islands; the location of safety triangles; a legend of type, size, and number of plant materials; and the following maintenance notation:

Need C-4

>< >< >< Cut and print on your landscaping plan >< >< ><

### Landscape and Buffer Maintenance Notation

1. The owner, tenant or their agent, if any, shall be jointly and severally responsible for the maintenance of all landscaping.
2. All plant materials shall be maintained in a healthy and growing condition as is appropriate for the season of the year.
3. Plant materials which die shall be replaced with similar healthy plant materials.
4. Landscape areas within site triangles shall be maintained in an appropriate manner to insure that no plant material obstructs cross-visibility above three (3) feet or below six (6) feet from the street or access way grade.
5. All landscaping shall be maintained in a neat and orderly manner at all times; this shall include mowing, edging, pruning, fertilizing, watering, weeding and other such activities common to the maintenance of landscaping.
6. Landscaped areas shall be kept free of trash, litter, weeds and other such material or plants not part of the landscaping.

## CPZ Signature Blocks

The Planner will tell you which one of these signature blocks to print on each of your drawings.
