36315 Frank Jackley Rd.  
Pearl River, LA 70452

RE: Rotolo's Pizza

Dear Mr. Bordelon

It was a pleasure to meet with you and discuss your project. As discussed, Dammon Engineering, Inc. will provide our Engineering services for your project, which consists of an approximately 1292 s.f. of dining area renovation only (roof re-work), including structural, electrical and mechanical.

We propose to provide the design package for a fee of \$3,800.00 (Three Thousand Eight Hundred Dollars). This fee includes five sets of plans provided to you following design completion. Our fee is for the design of the dining room project only and does not include the cost of the permit. You and/or your general contractor will be responsible for pulling the permit as well as paying any associated fees.

Also at the meeting you hinted that you might want to add on to the front of the bldg with an open patio and change the front up a little bit. We have come up with a few ideas and would like to sit down with you and explore the possibilities.

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance. Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Emmett G. (Pete) Dammon, P.E.
