Mrs. Murphy,

This letter is in response to your letter dated 12/20/2011.

The four weeks of gross pay has been forwarded to you in an earlier correspondence.

Mr. Sweeney did not receive any additional pay after leaving the day of the injury.

There is no modified duty available in this company.

Please see the attached document for the job description.

Prior injury:

One week prior to the accident Mr. Sweeney was complaining of a right shoulder ache and he was having difficulty moving his arm. He was instructed to go to a doctor and receive medical attention before returning to work. On the Monday following he returned to work and told me he had seen Dr. Peyroux (his cousin) and Mr. Sweeney told me that x-rays showed the problem was from an injury in a previous car accident several years back. This was the first time that he told me about a car accident with a previous injury. He told me that the doctor told him that he could return back to work. He showed me a receipt from the doctor. I had no reason to doubt the validity of Mr. Sweeney's report.

Sincerely,

Kirt Dammon
