This is your latest update of MASTERSPEC.

As a part of ARCOM's effort to keep MASTERSPEC current for the AIA, we encourage your comments on any section in the reference library in this or previous issues. Our technical writers, who regularly get feedback from manufacturers on technical issues, will appreciate your comments from the professional practice field and will consider your recommendations for appropriate and timely action.

This offers you the opportunity to share your experience and to help us keep MASTERSPEC a leader in providing quality technical data.

Please feel free to write us on this form, or in any manner convenient, and send it to the following:
