

2.2-4.3.4 Reserved**2.2-4.3.5 Outdoor Activity Spaces**

See Section 2.1-3.6.2 (Outdoor Activity Spaces) for additional requirements and information.

2.2-4.3.5.1 Secure outdoor gardens and lounge areas shall be available for residents living in an Alzheimer's/dementia and/or mental or cognitive health facility or setting.

2.2-4.3.5.2 Plant materials used in outdoor activity spaces shall be nontoxic and not poisonous to humans.

2.2-4.4 Special Design Elements*2.2-4.4.1 Signage and Wayfinding**

See appendix section A2.4-2.2.12.3-1 (Wayfinding to serve residents with dementia) for requirements.

APPENDIX (continued)

- b. Smaller-scale dining areas are recommended for those with dementia and mental illness to simplify relationships and avoid overstimulation and distraction.
- c. Use of square tables is encouraged for residents with dementia because seating spaces are defined and recognizable.

A2.2-4.4 Blind corners should be avoided.
