

2016 Renewal Complete

Thank you for renewing your commitment to ASCE and the civil engineering profession. This online renewal is provided to improve service to members. Please help ASCE to improve and refine this process by providing feedback (<http://www.asce.org/contact-us/>). This is your organization and ASCE cannot achieve optimal success without your candid input.

It is vitally important that ASCE has your updated contact information (mailing and email addresses, phone, etc.) and that we ensure the accuracy of your demographic information. Please review and update your Membership Profile (</ASCEWebsite/OnlineProfile/MemberOnlineProfile.aspx>) to ensure its accuracy. In addition, ASCE is interested in your specific gender, race and ethnicity. Please go to Race/Gender/Ethnicity (</ASCEWebsite/OnlineProfile/MemberOnlineProfile.aspx>) information and select "Edit" to provide your information. If you found renewing online convenient and would prefer to renew in this manner in the future rather than by mail, please indicate this in your Contact Preferences (</ASCEWebsite/OnlineProfile/MemberOnlineProfile.aspx?showtab=3>).

As a member benefit, since you have paid your 2016 membership dues, you are eligible to enroll in 5 free, 1 hour PDH courses for 2016. Please click 'here' (</ASCEWebsite/Benefits/Membership/FreeOnDemandWebinars.aspx>).' to access this member benefit.

[Print this page](#) and keep a copy for your records.

Confirmation Number: 1043126112
