

# Joint Permit Application

For Work Within the Louisiana Coastal Zone

## What is the purpose of the Joint Permit Application?

This Joint Permit Application was developed to facilitate the state and federal permit application process administered by the Louisiana Department of Natural Resources/Office of Coastal Management (OCM) and the U.S. Army Corps of Engineers (COE) for work within the Louisiana Coastal Zone.

To simplify the permit application process, the Joint Permit Application is a multi-purpose application. It may be used to apply for a Coastal Use Permit (CUP) and/or a Department of the Army Permit under Section 10 of the Rivers and Harbors Act and/or Section 404 of the Clean Water Act. This application may also be used to apply for a Solicitation of Views (SOV) or an OCM Request for Determination (RFD). Review the instructions below, then proceed to Step 1.

## Instructions

There are two parts to the Joint Permit Application package:

1. Joint Permit Application, and
2. Maps and Drawings.

## How do I complete the Joint Permit Application?

**An accurate/complete application is required for processing; inaccurate/missing information may delay processing. Follow the instructions below to complete the application. Specific instructions are provided with each step.**

- Type or print clearly using black or blue ink;
- Steps 1 through 16 must be completed; write "N/A" if information does not apply to your proposed project. It is not necessary to write "N/A" on the Steps that you have been asked to skip;
- When additional space is needed, include an 8½ x 11 sheet of paper identifying the Step number.

**When you have questions or need assistance in completing the application package:**

- Refer to the "Glossary of Terms" (See page 10.);
- Refer to "Frequently Asked Questions" (See page 11.);
- Contact the Office of Coastal Management at 1-800-267-4019 or 225-342-7591; or
- Contact your local coastal parish program (See page 11.).

**Step 3 of 16**

**What type of permit or action would you like to request?**

*Note: You may need the approval of other federal, state or local agencies for your project.*

*Note: For questions concerning the CUP, SOV or RFD, call OCM at:  
• 1-800-267-4019  
or  
• 225-342-7591*

Check  the appropriate box(es) to indicate the type of permit or action that you would like to request.

**Coastal Use Permit (CUP), Clean Water Act Permit (Section 404), Rivers and Harbors Act (Section 10)**

The purpose of the CUP is to ensure that any activity affecting the Coastal Zone is completed in a manner that is consistent with the Louisiana Coastal Resource Program.

The purpose of the Department of the Army permit program under Section 10 of the Rivers and Harbors Act and Section 404 of the Clean Water Act is to review and evaluate proposals for dredging, filling, and/or placement of structures in waterways and wetlands in order to determine whether a permit should be granted or denied based on expected impacts to the overall public interest.

**Solicitation of Views (SOV) – OCM only**

If you wish to find out if your project is in the Coastal Zone or if you wish to determine if there are special features of the area that may impact your project design you may request a SOV. No application fee is assessed for SOV requests. The following Steps must be completed to obtain an informal determination.

- Step 1, Step 2, Step 6, Step 14, Step 16; and
- Step 13 - (Vicinity plat showing project location and extent is required; cross section and plan views are useful, if available.)

**Request for Determination (RFD)**

If you wish to obtain a formal determination as to whether or not a CUP would be required for a particular activity, you may submit a RFD. The appropriate application fee will be assessed for RFD requests. The following Steps must be completed to obtain a RFD.

- Step 1, Step 2, Step 5, Step 6, Step 8, Step 10, Step 14, Step 16; and;
- Step 13 - (Vicinity plat showing project location and extent is required; cross section and plan views are useful, if available.)
- If you think that no permit is required, you must provide a statement explaining why you think a permit is not required.

**Step 4 of 16**

**Have you participated in a Pre-Application or Geological Review Meeting or obtained a wetland determination?**

*Note: To schedule a Pre-Application and/or a Geological Review Meeting, call OCM at 1-800-267-4019.*

*Note: To apply for a wetland determination, call the COE at 504-862-1627.*

**a. Have you participated in a Pre-Application or Geological Review Meeting for the proposed project?**

Construct new covered boat Houses

e. **Why is the proposed project needed?**

Covered Boat Houses will add safety when boarding a boat.

Continue to page 5 for step 9. 

**Step 11 of 16**

**What impact will the proposed project have?**

*Note:* You will be notified by OCM if a field investigation is required to determine if the proposed project will impact wetlands.

*Note:* Additional sheets may be required to adequately respond to b, c, d and/or e.

*Note:* Providing detailed information at the time of application may expedite processing of your proposal.

a. Total acres of wetlands and/or waterbottoms filled and/or excavated: 0.00

b. What alternative locations, methods and access routes were considered to avoid impact to wetlands and/or waterbottoms?

N/A

c. What efforts were made to minimize impact to wetlands and/or waterbottoms?

N/A

d. How are unavoidable impacts to vegetated wetlands to be mitigated? (Please note that a willingness to perform mitigation does not relieve the applicant from adequately addressing justification for (step 8e) and alternatives to (step 11b & 11c) the proposed activity)

N/A

**Landowner Rights**

- The affected landowner(s) whose property may be impacted by the proposed project has (have) the option of requesting that compensatory mitigation be done on their property.
- Once OCM determines that mitigation is required, they will notify the applicant and all affected landowners of the extent and type of habitat impacted. The landowner(s) will be given thirty (30) days to formally request or waive their mitigation option. (This can cause substantial delays in processing of the application.)

**Applicant Responsibilities**

- Coordinate with the affected landowner(s) to develop a conceptual compensatory mitigation plan. This plan should be designed to offset the adverse impacts to vegetated wetlands which will occur from the proposed project. (This can also cause substantial delays in processing of the application.)
- To avoid delays, it is recommended that, prior to sending the application to OCM, you contact affected landowner(s) to:
  - Inform them of possible wetland impacts and discuss their compensatory mitigation rights; and
  - Ask them to indicate their intentions regarding compensatory mitigation on the form.
- Submit the Landowner Compensatory Mitigation Request/Waiver form along with your application.

Continue to page 7 for step 12. 

**Step 12 of 16**

**What are the requirements for notification of landowners and oyster lease holders of the proposed project site?**

*Note:* OCM and CO both have mitigation requirements under different laws, rules and regulations therefore, specific agency requirements may vary.

*Note:* If a property has multiple owners with undivided interest in the property, each person owning an interest is considered to be a landowner and must be notified.

*Note:* Additional sheets may be required if there are more than two landowners.

*Note:* Compensatory mitigation is not a monetary settlement to be used at the discretion of the landowner s .

*Note:* A copy of the Landowner Compensatory Mitigation request/ waiver form is included with this application. To obtain additional copies, visit the OCM website or call:

Or

*Note:* See our AQ for a list of regulations that may be applicable. e aware that this list is for e ample proposes and does not purport to be complete or indicate applicability in any particular situation or pro ect. It is the applicant s responsibility to be fully aware of all regulatory requirements, to list those requirements and certify that thy will be in compliance.

**a. Are you applying for a Coastal Use Permit?**

- NO** (If NO, proceed to Step 12b.)
- YES** (If YES, read the following information.)

**Requirements for Notification of Landowners**

It is the responsibility of the applicant to notify the landowner(s) of the property about this proposed project. Notification must include providing each impacted landowner with a copy of the permit application (form and plats) at the time the application is submitted to the Office of Coastal Management.

**Requirements for Notification to Oyster Lease Holders**

It is the responsibility of the applicant to notify all affected oyster lease holders about this proposed project. Notification must include providing each affected oyster lease holder with a copy of the permit application (form and plats) at the time the application is submitted to the Office of Coastal Management. The location of leases, and the name and contact information of the lessee can be obtained by contacting the LDWF Oyster Lease Survey Section at 504-284-5279. You also can use the OCM GIS interactive map on our website at [http://sonris-www.dnr.state.la.us/www\\_root/sonris\\_portal\\_1.htm](http://sonris-www.dnr.state.la.us/www_root/sonris_portal_1.htm). Please note that copies of the lease holder notification letters must be included with your application packet at the time of submittal. For more information regarding notification requirements please contact the Oyster Lease Survey Section or visit our website at <http://dnr.louisiana.gov/crm/coastmgmt/permitsmitigation/oyster.asp>.

While these are legal requirements to ensure that property owners/oyster lease holders are aware of proposals which might impact their land/oyster lease, it also serves as a proactive measure to initiate communication between the applicant and the landowner(s)/lease holders, especially when mitigation might be necessary. Since mitigation can be a lengthy process, taking proactive steps early in the process may significantly reduce the time necessary to receive an authorization.

**b. Are you the sole owner of the property on which the proposed activity is to occur?**

- YES** (If YES, proceed to Step 12c.)
- NO** (If NO, follow the instructions below.)

**Check  the appropriate box(es) and complete the landowner information to attest to OCM that a copy of this application has been sent to all landowners whose property will be impacted by the project.**

- The applicant is an owner of the property on which the proposed described activity is to occur.
- The applicant has made every reasonable effort to determine the identity and current address of the owner(s) of the land on which the proposed described activity is to occur, which included, if necessary, a search of the public records of the parish in which the proposed activity is to occur.
- The applicant hereby attests that a copy of the application has been distributed to the following landowners.

**Landowner/Lease Holder #1:**

\_\_\_\_\_  
Name of Landowner / Lease Holder

**Mailing Address:**

\_\_\_\_\_  
Street Address or P.O. Box Unit/Apartment #

### Why are Maps and Drawings required to obtain a permit?

**Note:** The following websites may provide assistance in completing the Vicinity Map:  
•Sonris on OCM website  
•MapQuest.com  
•Topozone.com

**Note:** For additional assistance with specific requirements, refer to the samples provided in this application package.

**Quality Maps and Drawings are required to process the Joint Permit Application and for Public Notice. They must visually reflect what will be done in the proposed project and are key to the overall evaluation.**

**The following Maps and Drawings must be submitted with the Joint Permit Application and must show both existing and proposed conditions.**

- **Vicinity Map** - Illustrates access to and the location of the proposed project relative to surrounding areas;
- **Plan View Drawing** - Illustrates an overhead view of the proposed project; and
- **Cross Section Drawing** - Illustrates a side view of the proposed project.

**In general, all Maps and Drawings should be:**

- Legible and clearly labeled on single sided 8½ x 11 size paper; (large drawings that are reduced in size to fit the 8½ x 11 format are not acceptable if the scale is no longer accurate and if the dimensions and details are not clear and easy to read after reproduction in the Public Notice);
- Drawn to scale with the scale identified graphically on each drawing; (if you cannot provide Maps and Drawings to scale, you may submit the dimensions of the proposed and existing features of the work area displayed);
- **Color maps & drawings are preferred by LCP, but B&W are allowed.**
- Accurate and reproducible;
- Placement of the north arrow, title, legend and scale bar must be consistent on Maps and Drawings; and
- Information provided in Steps 1 through 12 must be consistent with the Maps and Drawings.

**Inadequate or poor Maps and Drawings are the primary reason for delays in the permitting process. Sample Maps and Drawings are provided with this Joint Permit Application package for your assistance.**

### Who needs to certify and sign this application?

**Note:** The application must be signed and dated by the applicant who desires to undertake the proposed activity.

**Note:** If an agent is being used, the applicant and agent must sign and date this application.

**Read the following information. Print your name, sign and date to certify this application for processing.**

- Application is hereby made for a permit or permits to authorize the work described in this application.
- To the best of my knowledge the proposed activity described in this permit application complies with and will be conducted in a manner that is consistent with the Louisiana Coastal Resources Program.
- I certify that the information in this application is complete and accurate.
- If applicable, I also certify that the declarations in Step 12, notification to landowner(s), are complete and accurate.
- If applicable, I also certify that the declarations in Step 12c, oil spill response, are complete and accurate.
- I will abide by the conditions of the permit or license if issued and will not begin work without the appropriate authorization.
- Permission is granted to the agencies responsible for authorization of this work, or their duly authorized representative, to enter the property site during working hours for inspection purposes.
- If applicable, I authorize the agent identified in Step 2 to act in my behalf as agent for this application and the agent will furnish, upon request, information in support of this application.
