Mr. Doug Bozeman

RE: New Office Warehouse
Livingston Parish

Dear Mr. Bozeman,

Dammon Engineering, Inc. is pleased to propose our engineering services to design your new office warehouse to meet code requirements of Livingston Parish.

We propose a total fee of \$13,500.00 (Thirteen Thousand Five Hundred Dollars) for this work. This is based on \$2.25 per s.f.

Our fee includes five sets of completed plans provided to you following the Fire Marshal's review and response; it also includes the Fire Marshal review fee. Our fee **does** include architectural, electrical, mechanical and plumbing plans. Our fee **does not include** a site or foundation plan, cost of parish permit fees, traffic study, soils analysis, survey, topo, or any other government agency or engineering fees.

If selected, we require a deposit of \$4,000.00 due upon acceptance of this contract. We will then bill the balance due upon completion of the project, following the Fire Marshal's review and response.

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance. Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

David Dammon
Dammon Engineering
