Gretna, LA 70056

Dear Sir or Madam:

Dammon Engineering, Inc. is pleased to propose our engineering services to design the MEPs for the referenced project (including Medical Gas).

We propose a total fee of \$7,800.00 (Seven Thousand Eight Hundred Dollars) for this work. One site visit to verify existing conditions is included in the fee above, however additional site visits as requested by you or your customer will be billed at rate of \$100/hr. Additional services will be billed at our standard rate of \$125/hr for Engineering, \$85/hr for Designer and \$65/hr for Drafting.

Our fee includes five sets of completed plans, including all necessary plans to submit to the city for plan review, provided to you following the Fire Marshal's review and response. Our fee **does not** include the Fire Marshal review fee; it also **does not** cover city plan review or permitting fees. Our fee also **does not include** traffic study, soils analysis, survey, topo, or any other government agency or engineering fees.

The LA State Fire Marshal's office in Slidell has closed, the new estimated wait time for Fire Marshal review is at least 30 days.

If selected, we require a deposit of \$2,000.00 due upon acceptance of this contract. We will then bill the balance due upon completion of the project, following the Fire Marshal's review and response.

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance. Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

David Dammon
