Case notes:

Please understand that this is an ESTIMATE. While we try to anticipate all treatment will be required, there are cases where the extent of a dental problem cannot be fully understood until treatment has begun. Unforeseen changes in treatment can result in additional cost. We will inform you of any changes. The insurance estimate shown is an ESTIMATE only. Actual payment is dependent upon your specific plan limits. Fees listed are valid up to 90 days from today's date. If treatment is performed after 90 days, fees are subject to change.

- 1- Discussed difference and rationale for crown lengthening vs endo & post.
- 2- Modify treatment plan after ortho and oral surgery consult.
- 3-Due to difficult nature of case, patient is aware of the possibility of additional treatment.
