

Parts & Service Section Mock-up

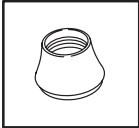

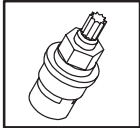

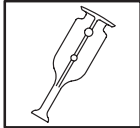

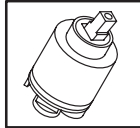

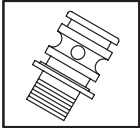

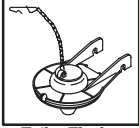

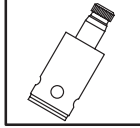

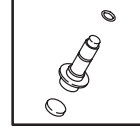

THE BOLD LOOK OF KOHLER®

 Thank you for specifying genuine Kohler parts

Parts & Service

Common Part Identification

Sometimes a part strays far from home. It gets hard to tell what faucet that stopper or valve came from. Well, just compare it to a screen or printout for easy identification.

 <p>Aerator</p>	 <p>Ceramic Valves</p>	 <p>Drain Pop-Ups</p>	 <p>Single-Control Lavatory/Sink Valves</p>	 <p>Spout Posts</p>
 <p>Toilet Flush Balls/Flappers</p>	 <p>Valvet Valves</p>	 <p>Compression Valve Parts</p>

”Buttons” have an example of line art. When you click on the buttons they will link to the corresponding PDF.

Additional buttons will need to be added for Phase II as we develop additional categories.

This page will replace the current “Common Part Identification” page from the latest Kohler Storyboard. The included PDFs will replace the pages following. (Pages 27–46)

Categories to be covered in Phase I of the Parts and Service Section are:

- Aerators
- Ceramic Valves
- Drain Pop-Ups
- Single-Control Lavatory and Sink Valves
- Spout Posts
- Toilet Flush Balls/Flappers
- Valvet Valves
- Compression Valve Parts
