Dear Mr. Dammon:

Our favorable review of your interim follow-up reports regarding your history of obstructive sleep apnea has established that you are eligible for continued Authorization for Special Issuance of a third-class airman medical certificate under Title 14 of the CFRs, Section 67.401.

Enclosed is your time-limited certificate which expires May 31, 2013. Please refer to your Authorization for Special Issuance letter dated April 20, 2011, for follow-up requirements.

You are cautioned to abide by Title 14 of the Code of Federal Regulations (CFR's), Section 61.53, relating to physical deficiency, medication, or treatment. Because of your obstructive sleep apnea, operation of aircraft is prohibited at any time new symptoms or adverse changes occur or for 36 hours after use of medication (Levitra) or any time medication and/or treatment is required.

Use of the above reference numbers on future correspondence and/or reports will aid us in locating your file.

Sincerely,

Courtney D. Scott, D.O., M.P.H.
Manager, Aerospace Medical Certification Division
