RE: Urgent Care Facility  
1806 Lindberg Drive  
Suite E  
Slidell, La. 70459

Dear Dr. Fong

It was a pleasure to discuss with you a new Urgent Care Facility. Dammon Engineering, Inc. is pleased to propose our services to design a build out of 2,800 sq. ft. facility to pass State and local codes for occupancy.

We will provide a design package, including Site Plan, Structural, Mechanical, Electrical, and Plumbing Plans to meet the needs of an Urgent Care Facility.

We propose a total fee of \$9,800.00 (Nine Thousand Eight Hundred Dollars) including five sets of plans provided to you following design completion, along with pdf's of all drawings. This fee does not include

Re: Structural Design for Residence and Boat House

Mr. Cedotal,

Dammon Engineering, Inc. is pleased to propose our engineering services to design the structural buildings in the referenced project.

We propose a total fee of \$2,500.00 (Two Thousand Five Hundred Dollars) for this work. Our fee includes a site plan, a piling foundation and structural drawings for both the residence and boat house.

Our fee(s) *does not include* the cost of soils analysis, survey, drainage studies, wetlands determination, any interaction for the Coastal Use Permit or other engineering studies that may be required by government agencies. Our fee(s) also *does not include* design of the landscaping, sprinkler or fire alarm systems that may or may not be required. These items, if provided by Dammon Engineering, will be billed at a "cost plus" fee.

Dammon Engineering will provide five sets of hard copy drawings and pdfs, ready for permit application, provided to you following 100% design completion.

We require a \$1,000 deposit, and for you to obtain the CAD file of the survey from the surveyor and also obtain an elevation certificate from a surveyor. These documents will be needed to produce your drawings.

We appreciate the opportunity to propose our services for this project. Please indicate your
