RE: Proposal to furnish Design Services for Generator at Gambit Communications
3923 Bienville
New Orleans, La

Dear Mr. Lama,

It was a pleasure to discuss with you the generator project to be located at Gambit Communications, 3923 Bienville, New Orleans LA. We propose a fee of \$5,000.00 to provide construction drawings for permitting in New Orleans. We require a deposit of \$1,000.00 to start the construction drawings.

Our fee includes the State Fire Marshal application fee, but does not include any site visits. Our fee does not include the cost of city plans review, permit, traffic study, soils analysis, survey, topo or any other government agency fees or studies, which may be required.

We will provide you with 4 sets of stamped plans for the city of New Orleans, the Fire Marshal plans and 1 set of plans for the construction of the project.

Dammon Engineering carries \$1,000,000 Professional/General Liability Insurance, Auto Insurance and Workmen's Compensation Insurance.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

David Dammon
Project Manager
