Jamie Gomez
3330 Pontchartrain Drive
Slidell, La. 70458

Dear Mr. Gomez,

It was a pleasure to speak with you and discuss plans for the renovations of the existing building with an additional warehouse on the rear. Dammon Engineering, Inc. is pleased to propose our services to design the following. We will provide a design package, including Site Plan, Demolition plan, Foundation Plan for new warehouse, Architectural floor plans, Exterior building Elevations, Mechanical plans, Electrical Plans, Plumbing Plans and Landscaping plans ready for permitting.

We propose a fee of **\$2.50 Sq. Ft. \$15,500.00 (Fifteen thousand five hundred dollars)** for this work.

Our fee includes five sets of plans provided to you following the Fire Marshal's review and response, as well as the Louisiana State Fire Marshal Review Fee.

Our fee *does not include* the cost of, soils analysis, survey, drainage studies outside of survey property, wetlands determination, or other engineering studies that may be required by government agencies. Our fee also *does not include* design of the sprinkler or fire alarm systems. These items, if provided by Dammon Engineering, will be billed at a "cost plus 10 %" fee.

If selected, we will **invoice \$3,000.00 at start up**, our remaining fee after fire marshal review per property.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon, VP
